

Dear colleagues,

This is the first announcement for the three-day conference on:

Probability, Ergodic Theory, Dynamical Systems (PETDS).

which will be held April 9th-11th (Wednesday-Friday) 2014
on the Tel Aviv University campus (mathematics department building).

The conference is dedicated to the memory of Meir Smorodinsky and deals with the fields of his activity (as above). Its goal is to ensure a fruitful exchange and dissemination of ideas, as well as cross-fertilization via interactions of conference participants.

For more information see the conference website
<http://www.math.tau.ac.il/~aaro/PETDS/meir-main.html> which will be updated periodically.

To register please contact the organisers.

Looking forward to seeing you:

Jon Aaronson, David Gilat, Eli Glasner, Isaac Meilijson (Organizing committee)

Omri Sarig, Barak Weiss, Benjamin Weiss (Scientific committee)
